

Addendum to Master Services Agreement

- i. This service addendum is made pursuant to the Master Services Agreement (The “Agreement”) between (1) the customer (who is identified in the accompanying electronic rider, the terms of which are explicitly incorporated herein) and the customer’s affiliates (collectively the “Customer”) and (2) Dynamic Quest, LLC (“Dynamic Quest”).
- ii. Term of Service: This Addendum will remain in effect until the termination date of the Agreement.

Description of the Service

Vulnerability Management is a testing service designed to identify and address vulnerabilities within your organization's network and systems. This service provides a comprehensive assessment of your security posture, helping you to proactively mitigate potential threats and enhance your overall cybersecurity defenses.

- 1) Key features of Vulnerability Management include:
 - a) Vulnerability Scanning: Monthly internal and external scanning to assess your organization's assets and identify potential security weaknesses or vulnerabilities. This includes analyzing and prioritizing vulnerabilities based on their severity and potential impact on the organization.
 - i) The scanning will be performed on the monthly anniversary of when the service was delivered.
 - b) Network Penetration Testing: Conducting thorough penetration tests twice a year to simulate real-world cyberattacks. This helps to identify and exploit vulnerabilities in your network, providing insights into how an attacker could gain unauthorized access to your systems.
 - i) The scanning will be performed on the monthly anniversary of when the service was delivered.
 - c) Detailed Reporting: Providing comprehensive reports that outline the findings of the penetration tests and vulnerability scans. These reports include detailed descriptions of identified vulnerabilities, their potential impact, and recommended remediation steps.
 - i) Dynamic Quest will review the report with the Customer during a one (1) hour call if requested by the Customer.
 - d) Remediation:
 - i) Guidance: Offering expert guidance on how to address and remediate identified vulnerabilities. This includes recommendations for improving your security posture and preventing future attacks.
 - ii) Actions:

- (1) Dynamic Quest will prioritize the list of remediation actions for the Customer.
- (2) Remediation actions will be performed on a best effort basis. Remediation could take several months based on Dynamic Quest resource availability.
- (3) The following are the responsibility of Dynamic Quest. There is no extra charge for the following.
 - (a) Updating “as built” configurations on equipment under Dynamic Quest management or co-management.
 - (b) Updating Dynamic Quest documentation.
- (4) The following are the responsibility of the Customer. The Customer can engage Dynamic Quest by initiating a project in accordance with Addendum E (*use this link to go to the Service Description site with the Addendums: https://info.dynamicquest.com/service_description*).
 - (a) Any redesigning of all or part of the Customer network.
 - (b) Physical or logical changes to the Customer network.
 - (c) Any requirements for new equipment, new software or new licenses.
 - (d) Dynamic Quest assistance with another Customer vendor.
 - (e) Update to any Customer documentation.
